

Voluntary Dismissal Request

Sandra R. Smith vs. Health Center Of Standifer Place

Civ. l action No. 1:12-cv-19

ED

Collie / Lee

13 JAN 15 P 2:08

U.S. DISTRICT COURT  
EASTERN DIST. TENN.

RY DEP. CLERK

Honorable Judge Collier, I, Sandra R. Smith  
the Plaintiff in said above case would  
like to volunteer to dismiss this case due  
to health reasons. I have been under  
health pressures with High Blood,  
High anxiety and the stress of  
trying to retain legal counsel has  
brought on even more stress. Although  
the Health Center did violate my  
Civ. l rights in my opinion, and they  
have been responsible for not properly  
Caring for one of their patient, I  
regret I can go on no further  
to prove my case without proper  
counsel. The attempts to find a  
counsel that would stand for  
Civil Rights in this town has been  
a challenge for me and my family.  
The day when you are told because  
you are black, you can't fight discrimination

is a sad day for all those  
who died for my Civil Rights.  
It's now up to God to expose  
the wrong they are doing at  
The Health Center at Standiford Place.  
The stress this has brought on and  
the reality of knowing I must  
have proper counsel has pressed  
me to ask for this dismissal.  
My belief is strong that those  
that wronged me will feel they  
have gotten away with it, But  
God knows and everyone will  
have to answer to him. Thanking  
you in advance.
